

Soji

Soji brings your body and mind into sync – so you can enjoy healthier levels of performance, no matter where you work. Soji is a highly-adjustable task chair with more ergonomic options than most in its class packed with ergonomic features – without sacrificing comfort or design. Designed for a wide range of people, spaces, and modes of work, Soji supports employees with effortless comfort and efficiently satisfies workplace strategies for better well-being.

Features

- Highly adjustable ergonomic task chair
- Designed for broad population of users
- Synchro mechanism with forward tilt for class leading ergonomics
