

## Contas®.

540 range. Technical details.

### Function

Lightweight, flexible conference table system for application in versatile conference, seminar and training environments. It consists of individual tables that can be optionally stacked and folded. Has connecting leaves with quick and easy tool-free linkage thanks to a patented multiple connector plate, making a variety of configurations possible.

### Frame

Legs in round tube Ø 38 mm (1½"), bright chrome plated or coated. Adjustable glides (with disc profile on folding-leg table version) in black polyamide for soft floors (standard) and in black polyurethane for hard floors (please specify when ordering). Optionally, as stackable version (integral separator) with legs that are locked in place by means of a retaining clamp integrated into the table top. Leg retaining clamp in black polyamide. Multiple connector plate on tables and connecting leaves in die-cast zinc, bright chrome plated or coated; multiple connector plate of connecting leaves fitted with separator and retention mechanism. Tables fitted with table-to-table connectors.

### Core material of table top

Laminboard with straight, concealed lipping.

### Table top group 1 – laminate:

Table top thickness 34 mm (1⅜")  
Laminate according to Wilkhahn colour and surface finish samples with beech lipping, natural oiled finish.

### Table top group 2 – veneer

#### (slip-match):

Table top thickness 34 mm (1⅜")

Variation 1:

Beech, oak or ash veneer according to Wilkhahn woodstain colour samples with wood lipping, as far as possible in the same colour as the veneer.

Variation 2:

Maple, elm or walnut veneer, as well as Wilkhahn veneer Mocca according to Wilkhahn woodstain colour samples with wood lipping, as far as possible in the same colour as the veneer.

#### Veneer version

As a standard, veneers are slip-matched onto the table top. Surfaces sealed with clear lacquer  
Open-pore: oak, ash, walnut and elm veneer, as well as Wilkhahn veneer Mocca.  
Closed-pore: maple and beech veneer.  
Some specific growth features possible.

### Table top group 3 – linoleum:

Table top thickness 35 mm (1⅜")  
linoleum according to Wilkhahn linoleum colour samples. Concealed wood lipping in beech, natural oiled finish.

### Modesty panels

Aluminium frame, coated silver, with transparent fabric in anthracite. Grips in black polyamide.

### Standards

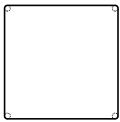

The Contas tables comply with DIN EN 527.

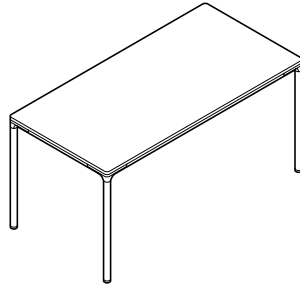

**When placing repeat orders, please indicate whether your table tops have slip-matched or book-matched veneer.**
