Aline tables. 230 range

Tables for multi-purpose areas.

In addition to bar stools, multi-purpose and task chairs, the Aline range also offers round and square low, sitting and standing-height pedestal tables, as well as two-pedestal rectangular tables. The stylish and transparent look and feel of Aline is ideal for informal areas used for professional purposes: sales rooms, customer-support and waiting areas, bistros and cafeterias, or desks and dining rooms at home. Thanks to the anti-bacterial fabric of the seating and the easy-care, robust table tops, Aline is an excellent choice for spas and health-care areas. Whatever the setting, the furniture lends the room a light and informal appeal that encourages an informal chat. It is both attractive and comfortable with sophisticated functions at the same time.

Model 236/2

Aline tables stand out because they are lightweight and elegant, stylish but still very robust. The compact table tops are just 12 millimetres ($^1/_2$") thick (round tables 70 or 75 cm (27$^1/_2$" or 29$^1/_2$") in diameter and square ones 60 x 60 cm (23$^5/_8$" x 23$^5/_8$") or 70 x 70 cm (27$^1/_2$" x 27$^1/_2$") in size). To match the table top, the column is white or black coated, or bright chromium-plated.

Model 236/3
Top marks for practicality: the square
and circular top high tables are optionally
available with slots in the tabletop, allow-
ing space-saving stacking of up to three
standing tables.

**Aline tables, single pedestal,
compact formats**

Available as side tables (45 cm (17^3/$_4$")
high), to sit at (73 cm (28^3/$_4$") high)
or to stand at (105 cm (41^3/$_8$")). The
black or white through-dyed, shock
and break-proof table tops are made
of HPL (High Pressure Laminate) with
finely chamfered edges. The slender
centre columns and flat, bright chro-
mium-plated aluminium star bases
ensure seamless furnishing solutions.

Round Aline tables, single pedestal, large formats

We offer models with table top diameters of 90 to 140 cm (35^3/$_8$" to 55^1/$_8$") for bigger discussions, meetings or family parties. Up to eight people can sit here comfortably. The 25 mm (1") thick MDF boards are black or white powder coated, the disc base and pedestal are made to match, optionally with a reflecting stainless steel cover and bright chromium-plated table pedestal.

237/6

237/6

Aline rectangular tables, double pedestal

The rectangular tables are available in five formats, ranging from small (140 x 70 cm (55$^1/_8$" x 27$^1/_2$")) to medium (150 x 75 cm (59" x 29$^1/_2$") or 160 x 80 cm (63" x 31$^1/_2$")) to large (180 x 90 cm (70$^7/_8$" x 35$^3/_8$")) and extra large (200 x 90 cm (78$^3/_4$" x 35$^3/_8$")). They can be used as desks, cafeteria tables, as seminar or stand-alone dining tables, as large tables for meetings or working at.
