O665

XXXL-CHAIRS.
BECAUSE EVERYONE IS EQUAL,
BUT NOT THE SAME.

O665

We are convinced: Everyone has the right to comfort and health at work. A good chair makes no compromises – no matter what the size of the user. Our XXXL chairs ensure that persons of up to 200 kg body-weight can sit comfortably and healthily. Providing a large seating area, a special mechanism, custom upholstery and a robust construction, our XXXL chairs ensure that heavy people sit comfortably, ergonomically and therefore remain happy and motivated.

The XXXL-series offers weighty personalities an office chair that fits. A swivel chair, a swivel executive chair with headrest and a visitor's chair – each with armrests – are available. All have a hard-wearing fabric upholstery or nappa leather.

O665

SAFETY, COMFORT
AND ERGONOMICS –
FOR PEOPLE WITH A
FULLER FIGURE TOO.

O652

O665

It feels as good as it looks. The high-quality surface reflects the great care taken in the choice of materials and workmanship. And it is even more comfortable than it looks: you feel comfortable the minute you sit down. And remain so the whole day thanks to the balanced overall ergonomics and effective relief for your back. In short: The joy of XXXL sitting.

XXXL PRODUCT OVERVIEW.

Height, width and depth-adjustable armrests covered in black leather.

Synchron mechanism: the ideal ergonomic angle between the seat and backrest in every position. Plus: weight regulation to adjust the return force of the backrest to your individual weight and seating habits. Easily and precisely whilst seated.

Adjustable headrest. Contributes greatly to a relaxed posture and the relief of neck and shoulder muscles.

Adjustable lumbar support: with Air Pressure technology, infinitely variable and exact adjustment to the individual physique.

All chairs in the XXXL range have a ten year warranty despite the higher loads.

• Series ◦ Option – not available

Designed for higher loads through:

- ▶ Backrest upholstery increased to 40 mm, 16 mm thick backrest core wood
- ▶ Large seat, seat upholstery increased to 80 mm, seat core wood 16 mm thick
- ▶ Reinforced safety gas spring
- ▶ Anti-Shock mechanism: the backrest is prevented from springing forwards in that a slight counterpressure has to be exerted with the back before the Synchronous mechanism is actuated
- ▶ Reinforced double castors
