MIRRA 2 CHAIRShermanmiller.com/mirra2

- Together in motion: Mirra 2 moves with you, at one with your body, adapting instantly and supporting even micro movements.
- The responsive Butterfly Back[™] results from inventing a method for merging a fabric layer with polymer veins to create an intelligent support structure.
- A reinvented Harmonic[™] tilt creates a smooth and balanced feel as you move from one posture to another, regardless of your stature.
- A redesigned seat increases airflow to keep you cool and makes seat-depth adjustments easy.
- Added selections for textile and back colors along with new options for base finishes increase your range of choices.
- Less material used intelligently makes Mirra 2 more responsive to your body, and more responsible to the Earth.
